

Muhmmad Fathur Rahman

Fullstack Developer

👋 Hello! I'm Fathur, I am a Junior Fullstack Developer with experience in developing applications using various technologies. I have worked with React to create dynamic and responsive frontend interfaces and have experience with Laravel for building efficient and scalable applications. My skills also include DevOps practices such as Docker for containerization and CI/CD pipelines for efficient deployment and integration. Furthermore, I thrive in a collaborative coding environment, actively participating in code reviews and contributing to a collective effort aimed at delivering exceptional results in demanding projects.

🎓 EDUCATION | 2018 - 2023

- Bachelor of Computer Science in Informatics Engineering
University of Technology Yogyakarta
- Studied programming, software development, mobile applications.
- Studied theory of algorithms and complexity, science, and math.

⚙️ TECH STACK

● Fundamental

● Library & Framework

● DevOps, Cloud computing & Tools

🚩 FEATURED PROJECTS

- Mebel Pepak | Laravel | 2022 | <https://mebel-pepak.fathur.dev>
An e-commerce B2C web application where users can browse various furniture products, and make a payment using bank transfer.
- Lakubo - Lapak UMKM Boyolali | Laravel | 2023 | <https://lakubo.fathur.dev>
An e-commerce B2C/C2C for local MSMEs in Boyolali's Regencies web application where users can browse various MSMEs products. Integrated with RajaOngkir API for calculating shipping cost and Midtrans Payment-gateway API.

🏆 CERTIFICATION

- Microsoft Office Specialist (MOS) - Word 2019 Associate
Education and Training Center UTY | 2022
Credential ID: wEqU5-48E7
- Full-stack Engineer Career Path
Codecademy | 2023
Credential ID: 64F6576FCA

🚩 EXPERIENCE

- Staff Programmer | November 2023 - March 2024
Pusat Komputer Universitas Teknologi Yogyakarta
As a full-time staff programmer at Yogyakarta University of Technology, I specialize in full-stack application development. My commitment to writing clean and efficient code, coupled with active participation in code reviews, contributes to successful project outcomes. I have also had the opportunity to create applications tailored for the campus university.
React | NEXTJS Full-stack - App Router | Tailwind CSS | Prisma | AWS
